

## 3 Things You Should do to Prepare for Tax Season

- 1 **1040 ES** - If you haven't made your 1040 estimate tax payments for 2019, make sure to do that now. You can save money on penalty fees.
- 2 **Tax Returns** - Have your 2018 tax return on hand if this is the 1st time we will handle your taxes so we can knock out 2019 for you.
- 3 **Retirement Accounts** - If you haven't contributed much to your retirement accounts, you still have time. Contributions can save significant money on taxes and help you prepare for retirement.
